Details

PWS Flexi-Bollards are highly visible flexible posts which can be used in a wide variety of locations to delineate and demarcate traffic lanes as well as car parks, pedestrian walkways and cycle lanes. They are manufactured using highly robust and UV stable Polyurethane (PU) and are flexible – and survive multiple and repeated drive-overs and vehicle impacts.

The bright Orange colour and 4 x White Reflective bands provide excellent visibility for both day and night conditions. Quick and easy to install, they are suitable for use on public roads and car parks and factory/ industrial premises for both indoor and outdoor use.
