Keep Left/Right Arrow	600 / 450mm Dia
Fixing	Ground Bolts

Available Single or Double Sided

Details

Available in heights of up to 1200mm the MegaFlecta is an impact resistant sign/bollard ideal for use in Traffic Islands, Traffic Calming Schemes, 2 Plus 1 Lane systems and is ideal for use on high speed roadways.

Providing regulatory signage (keep left, keep right etc.) in diameters of 450mm and 600mm the MegaFlecta bollard is available as both a single and double aspect sign. Mounted on a unique base system to support the double post assembly, the bollards are easily fixed to the road or pavement surface using the ground fixing bolts supplied.

MegaFlecta bollards are fast and easy to install, using the cast-in cage supplied with the bollard. Faced with 3M Diamond Grade reflective sheeting, they provide superior level of daytime and nighttime visibility.

Signage and Height Variants

MegaFlecta is available with two roundel sizes, the size increase corresponding with the increase with road speed.

- 450mm** Sign face diameter of 450mm standing 1200mm tall with 2 supporting posts.
- 600mm** Sign face diameter of 600mm standing 1200mm tall with 2 supporting posts.
